PROFESSIONAL SUMMARY

Full Stack Developer with 4+ years of hands-on experience designing and building end-to-end applications across web, mobile, and desktop platforms. Highly skilled in solving technical challenges whether debugging complex issues, optimizing performance, or implementing secure authentication and role-based systems.

Proficient with React, Next.js, Node.js, Express, TypeScript, Python (Tkinter), Flutter, Firebase, MySQL, and MongoDB. I deliver structured, scalable, and user-centered solutions, from database design and backend APIs to frontend UI/UX and mobile interfaces. Known for adapting quickly, managing multiple features at once, and consistently delivering reliable, maintainable code.
